

ST. JOSEPH'S INSTITUTE OF **HOTEL MANAGEMENT &** **CATERING TECHNOLOGY, PALAI**

IQAC PROFILE

An essential part of St. Joseph College committed to guaranteeing and improving the caliber of instruction and institutional procedures is the Internal Quality Assurance Cell (IQAC). The goal of SJIHMCT's IQAC is to guarantee that the organization's dedication to quality permeates every aspect of its culture and daily operations. Establishing and putting into place strong systems for ongoing evaluation, oversight, and enhancement of academic offerings, administrative duties, and overall institutional efficacy is its main goal. IQAC is dedicated to advancing an excellence, innovation, and accountability culture within the College. It does this by encouraging a collaborative approach with stakeholders from a variety of backgrounds, including parents, professors, alumni, and students. In order to allow self-evaluation, conduct routine audits, analyze and maintain quality standards, and offer feedback for changes, IQAC creates and executes policies, guidelines, and frameworks.
